Y. M. C. A. BANQUET.

The Preparations Are Steadily Progressing for It.

MARKS CONVENTION OPENING.

Work Was Distributed Yesterday by Committees in Charge and Community in General is Asked to Take a Hand.

The committee having in charge the arrangements for the big banquet to be serving the delegates to the State Y. M. C. A. Convention Thursday evening, February 20, met yesterday and distributed the work among the church ladies so that the whole community is as far as possible to have some share in the work. Committees in each church will take the matter up with the ladies of each church and provide by solicitation the necessary for the banquet. The ladies are anxious to enlist the sympathies and help of all the women of Conneltsville and New Haven.

It is to be understood that this is not an affair of the Y. M. C. A. or any one church nor of all of them to go to, but of the whole community. Those not connected with any church are requested to call up any member of the committee and volunteer any service they can render. There will be need for help from all classes and all faiths. A fine bill of fare has been outlined and it will demand a liberal response from all to make it a success. It will be the most important occasion of the whole convention and this first impression or our visitors must be a good one.

A complete list of the general committee will be published on Monday. The banquet will be served in the new armory. It will be followed by a very interesting session of the convention. At least 275 persons are expected to sit down to the banquet.
